Currently Accepting Applications For:

EMT

Advanced EMT

Dickinson County EMS is a progressive, Advanced Life Support service dedicated to delivering high-quality emergency medical care and comprehensive Mobile Integrated Healthcare (MIH) services to the residents of Dickinson County. Our organization is committed to clinical excellence, innovation, and community-centered care.

Dickinson County EMS offers meaningful career advancement opportunities, professional development, and continuing education to support the growth and success of our personnel.

The service operates three ALS-equipped ambulances from two strategically located stations, ensuring efficient response coverage and high standards of patient care throughout the county.

We seek motivated, compassionate, and clinically driven EMS professionals who are committed to excellence and eager to contribute to a forward-thinking and evolving emergency medical service.
