

**NOW HIRING · PAID SEASONAL ROLE · 1099 CONTRACT**

# AI Club Instructor

Lead the after-school AI Club for K–5 kids at Marshdale Elementary in Evergreen this winter, with the option to continue in spring. Everything is scripted. We train you. You bring the energy.

## \$1,000

for the season: 9 club afternoons  
plus a paid training afternoon  
before you start

## Wednesdays

2:35 to 4:00 PM at Marshdale  
Elementary, about 20 hours total  
across the season

## Up to 15 kids

grades K–5, hands-on and screen-  
free for students, with a scripted  
plan for every week

### — YOU'RE A FACILITATOR, NOT A LECTURER

This is not a teach-from-a-textbook job. You set kids up to build, then let them discover. A great session is loud and busy: kids making things with their hands while you circulate, ask questions, and get excited about what they're creating. The lesson plans tell you exactly what to do each week. Your job is energy, encouragement, and keeping the room safe and on track. This winter's theme is Video Games; spring is Nature and Wildlife. EverBot has run AI Clubs in Jeffco schools since 2025. This is our second year at Marshdale, and families are already asking when it starts.

### — WHAT YOU BRING

- **Experience with K–5 kids.** Teaching, camp, coaching, childcare, or being a parent who's good in a room of them all count.
- **Wednesday afternoons free** across the season dates. Kids count on seeing the same face.
- **Curiosity about AI.** No tech background needed. You'll learn alongside the kids.
- **Presence and reliability.** Fifteen energetic kids for ninety minutes takes patience, and mountain roads in winter take a dependable car.

### — WHAT EVERBOT PROVIDES

- **The full curriculum,** scripted week by week, with all supplies delivered ready to use.
- **Paid training** before you start. If you're seriously interested, sit in on one of our current clubs first to see how it runs. Jenny will join your first session if that helps.
- **Registration, payments, and all parent communication,** handled by us. You just teach.
- **Your background check,** required for anyone working with children and paid for by EverBot.

### — 2026–27 SEASON DATES

**Winter** Nov 18, 2026 to Feb 10, 2027 · Video Games    **Spring** Feb 17 to Apr 21, 2027 · Nature and Wildlife

Nine Wednesdays each, following the Marshdale calendar. Take winter, with the option to continue in spring.

### HOW TO START

Start with a conversation, not an application. Email or text Jenny and we'll grab a 15-minute coffee so you can hear what a session is actually like. If it feels like a fit for both of us, then we'll ask for a resume and references and run the background check. We'd like our winter instructor in place by October 10.
