# ARCHITECTURAL DESIGNER

DiMella Shaffer is seeking an Architectural Designer with 2–6 years of experience who is eager to build a broad and well-rounded foundation in architectural practice. Working across any or all our market sectors, including academic, senior living, science and technology, multifamily housing, and workplace, you will have the opportunity to contribute to a wide range of project types and gain diverse experience.

You will collaborate with architects, designers, and firm leaders on meaningful projects while developing your design, technical, and project-delivery skills. We are looking for someone who is curious, collaborative, and excited to grow professionally through hands-on experience and increasing responsibility.

## WHAT YOU'LL DO

- Participate in project development from planning and concept design through construction administration.
- Contribute to design studies, presentations, renderings, programming, and space planning.
- Develop coordinated architectural documentation using Revit and other firm-standard tools.
- Collaborate with project teams, clients, and consultants to develop integrated design solutions.
- Support construction administration through submittal reviews, RFIs, field observations, and documentation.
- Use visualization tools, emerging technologies, and AI-enabled workflows to enhance design and communication.
- Participate in project reviews and quality-control processes.
- Contribute to a collaborative studio culture through knowledge sharing and professional engagement.

## REQUIREMENTS

- Bachelor's or master's degree in architecture.
- 2–6 years of professional experience in an architectural practice.
- Proficiency in Revit and producing coordinated project documentation.
- Proficiency with architectural visualization and presentation tools, such as Enscape, Lumion, Twinmotion, and Adobe Creative Suite.
- Proficiency in emerging design technologies and AI-assisted workflows.
- Strong design, graphic, organizational, and communication skills.
- Ability to work effectively in a collaborative team environment.

## EXPERIENCE THAT WILL HELP YOU SUCCEED

- Working knowledge of building systems, materials, constructability, and building codes.
- Experience supporting consultant coordination and construction administration.
- Interest in sustainable, innovative, and human-centered design.
- Interest in or active pursuit of architectural licensure.

If you're excited about the work we do and believe your skills and experiences align with this opportunity, we encourage you to apply, even if you don't meet every qualification.

## WHAT MAKES DIMELLA SHAFFER DIFFERENT

We are looking for people who will make our whole team stronger long term and don't hire for specific projects. We look for people whose perspective and experience will make all of us better, and we invest in their growth. You will work directly with firm leaders, clients, and consultants across our market sectors, with mentorship, licensure support, continuing education, and access to evolving design technologies along the way.

## SALARY

$73,000-$85,000 annually

Final compensation will be based on the candidate's relevant experience, technical capabilities, qualifications, and alignment with the responsibilities of the position.
