

Infectious Diseases

PGY2 Pharmacy Residency

Interact with some of the most diverse patient populations in the nation while training with Infectious Diseases providers in an interdisciplinary health care setting. UNMH is the only Level 1 Trauma Center in NM and primary referral for the region. New Mexico is endemic for unique pathogens, including hantavirus, plague, and Coccidioides. The Infectious Diseases PGY2 Pharmacy Residency at University of New Mexico Hospital is tailored to give residents exposure to all aspects of the management of patients with infectious diseases.
