

## **Child & Family Psychologist (Virtual-First + Hybrid Option – Denver)**

**Growing Together Child and Family Therapy** is a warm, values-driven group practice providing high-quality care for children, teens, and families navigating anxiety, emotional dysregulation, neurodivergence (including OCD, ASD, ADHD, 2E, Giftedness, and PDA), trauma, challenging behaviors, and relational stress.

We are expanding and seeking a **licensed psychologist** who wants meaningful clinical work, excellent support, and the flexibility to build a sustainable career.

Our model is **virtual-first**, with an optional **hybrid/in-person component near the Central Park neighborhood in Denver** for clinicians who enjoy some face-to-face connection.

---

### **Role Overview**

You will provide evidence-based child and family therapy in a supportive, clinician-centered environment. We specialize in emotionally attuned, parent-focused care that leads to real change at home.

This role is ideal for psychologists who value:

- Thoughtful child and family work
- Neurodiversity-affirming, trauma-informed, relationship-based care
- Flexibility and work-life balance
- Mentorship, consultation, and collaboration

---

### **Key Responsibilities**

- Provide psychotherapy for children, teens, and families
- Deliver parent coaching and family-centered interventions

- Support concerns such as anxiety, ADHD, autism, OCD, and behavioral challenges
- Maintain timely documentation and treatment planning
- Participate in consultation and team connection
- Option to offer in-person sessions near Central Park (Denver)
- Optional opportunities for psychological testing

---

## Qualifications

Required:

- PhD or PsyD in Clinical, Counseling, or School Psychology
- Licensed (or license-eligible) in Colorado
- Experience working with children and families

Preferred:

- Interest in PCIT, SPACE, ACT, EFFT, CPS, CBT, i-CBT, ERP, RO-DBT or similar models
- Comfort supporting neurodivergent children and complex presentations
- Warm, collaborative clinical style

---

## Compensation & Benefits

This is a **W-2 position** with strong support and competitive pay:

- **\$75-\$85 per clinical hour**, based on experience
- **Paid administrative time**

Benefits include:

- Paid sick time
- **\$500 annual CEU credits** (available after 6 months)
- Enrollment in Colorado's paid family leave program (FAMLI)
- **Retirement plan with 3% employer match**
- Ongoing mentorship, consultation, and administrative support

## Caseload & Schedule Expectations

- Typical caseload: **10–25 client sessions per week**
- Clinicians must provide either:
  - **3 evenings per week, OR**
  - **2 evenings per week plus Saturdays**

This ensures access for working families while maintaining balance and sustainability.

## Workplace Culture

We believe clinicians do their best work when they feel supported.

We value:

- Warmth, curiosity, humility
- Evidence-based care without burnout culture
- Neuro-affirming, family-centered practice
- Sustainability, mentorship, and shared growth

## Location

- Colorado-based
- Virtual-first
- Optional hybrid/in-person sessions near **Central Park, Denver**

## How to Apply

Send:

- CV/resume
- Brief introduction email
