

## **Instructional Technology Coach District**

<b>Reports To:</b>	Director of Teaching and Learning
<b>Starting Date:</b>	July 2026
<b>Salary:</b>	Commensurate with Experience (Certified Salary Schedule)
<b>Work Week/Year:</b>	Standard School Year, 186-day base contract +10 extended summer days
<b>Requirements:</b>	Teaching license in Education, Career and Technical Education, or a related field. Minimum 5 years of teaching experience in an academic or CTE setting, with demonstrated success in student achievement. Previous experience in instructional coaching, professional development, or teacher leadership preferred.
<b>Responsibilities:</b>	<p>The Instructional Technology Coach at Ohio Hi-Point is an expert educator first who partners with teachers to strengthen instructional practice and improve student learning outcomes across both academic and career-technical programs. This individual works alongside teachers to design engaging, rigorous, and relevant learning experiences. They help staff use research-based instructional strategies and then leverage technology, digital tools, and AI to deepen personalization, feedback, and real-world application.</p> <p>The ideal candidate is a trusted colleague, skilled communicator, and collaborative problem solver who can work with teachers at all levels of experience. They are equally comfortable modeling lessons, co-planning units, analyzing student data, and facilitating professional learning. Experience supporting instruction with Canvas is strongly preferred.</p>
<b>Application Deadline:</b>	March 6, 2026
