

Managing Director, Teaching, Learning, and Professional Development Center (TLPDC)

Position Overview

Texas Tech University (Lubbock, TX) invites applications for the full-time staff position of **Managing Director of the [Teaching, Learning, and Professional Development Center \(TLPDC\)](#)**. The Managing Director provides strategic leadership for faculty development initiatives that address emerging educational trends, faculty well-being, and student success through collaboration and innovation. Anticipated timeline for initial interviews will be early April 2026.

Key Responsibilities

- Implement and maintain a comprehensive strategic plan for faculty development in collaboration with the Provost's Office.
 - Oversee TLPDC operations, including budget management, annual reports, administrative reporting, and indirect oversight of all TLPDC personnel.
 - Lead initiatives related to teaching performance and professional development for faculty, chairs, and academic leaders.
 - Expand and support all current faculty development programming.
 - Develop and implement innovative programming in response to educational shifts, including faculty wellness initiatives, AI integration, online learning, and the Scholarship of Teaching and Learning (SoTL).
 - Provide consultations and training for faculty and academic leaders, including New Faculty Orientation and The Academic Milestones Program.
 - Represent TTU nationally in teaching and learning organizations; maintain scholarly engagement through research and publications.
 - Serve as key personnel on grants related to teaching and learning and participate in campus-wide committees addressing faculty concerns and teaching and learning in general.
-

Preferred Qualifications

- A master's degree from an accredited four-year institution and at least two years of experience directing a teaching and learning center or similar unit with demonstrated ability to manage budgets, personnel, and strategic initiatives.
- Significant experience in faculty development, teaching and learning scholarship, and academic leadership.
- Strong record of teaching excellence at the university level and scholarly contributions in higher education.
- Evidence of successful grant writing and external funding.
- Experience with emerging educational technologies, including AI and online learning environments.
- Record of attendance and active participation in teaching and learning through leadership roles in professional organizations (e.g., POD Network).
